CONFIDENTIAL

23 March 1955

MEMORANDUM FOR: Chairman, CSPB Support Committee

SUBJECT: Operational Programming, FY 1956, and Budget,  
FY 1957 WE Division, DD/P

REFERENCE: Procedure for Review of Area Programs FY 1956

1. In accordance with the procedure cited in the reference, the Office of Training member of the CSPB Support Committee, with the assistance of the Chief, Administrative Staff and the Training Officer, WE Division, discussed subject document with [redacted] of the PP Staff, WE Division, on 21 March 1955.

2. WE Division representatives affirmed that very limited Office of Training support in the following categories is required by WE:

- a. Providing training materials for use overseas.
- b. Providing covert training of small numbers of U. S.  
[redacted]
- c. Providing a four-man team to participate in an overseas training program in FY 1955 and FY 1956.

3. On the basis of the WE statement, it appears that the Office of Training can adequately support the WE program provided that the sum total of OTR support requirements for all DD/P operational programs does not exceed OTR capabilities.

4. A review of subject document suggests that OTR support requirements may be somewhat greater than those stated by WE representatives. The Office of Training will discuss each project individually with WE to make a specific determination in each case.

CONFIDENTIAL

~~SECRET~~

**CONFIDENTIAL**

5. Since training support has not been specifically cited in each project, unless it is clearly indicated as a training project, OTR capabilities to support the WE plan can only be speculative in character until the action indicated in paragraph 4. above has been completed, and until the Office of Training has reviewed the eleven remaining DD/P programs.
